

PERMAGUARD®

SUPERIOR STAIN RESISTANCE

Spradling's proprietary barrier coating makes maintenance easy. Most difficult stains are effortlessly cleaned with a dry tissue, and stubborn soiling may be eliminated with a mix of isopropyl alcohol and water. Not only do stains disappear in seconds, but *PERMAGUARD*® provides unequaled resistance to scratches, scuffs, and abrasion. No other marine/outdoor vinyl surpasses *PERMAGUARD*'s stain resistance and long-term, trouble-free performance. *PERMAGUARD*® is currently featured in The Marine Collection, exclusively from both European Spradling locations.
